DEPUTY PRINCIPAL REPORTS: J. Villanueva (Year 7 & 10 Deputy Principal)

Attendance has been a key focus and if students have a wellbeing issue see their DP. If they miss the start of the lesson they miss the introductory points, it is essential that students are on time.

Attendance Matters every day!

If you notice something at home that changes with your child's wellbeing, please let the DP or Year Adviser know so we can better support your child's wellbeing not only at school but at home too.

Wellbeing assemblies – more interactive meetings with different people speaking about different factors around the school. Year meetings have been reduced to half a period to ensure KLA can still take place. HT Wellbeing Zantiras spoke about Men's Mental Health Month, RUOK? RUNDIPG. DP Villanueva spoke about subject selection coming up for Year 7. Guides were distributed to students on how to pick their subjects and a booklet containing important information about the electives they can select for year 8. Students are encouraged not to pick subjects just because their friends are choosing them.

Year 10 into Year 11 subject selections – ramped up this year including a new interview process scheduled for the 25th of July. During these interviews students will be discussing with DPs their choices and ensuring they get the right subject for their future career goals. Students will be required to dress up like they would for a job interview. During that day there will be market stalls run by senior students.
