## Senior School Charges Years 11 & 12 2024

**Bossley Park High School values the contributions parents make to the school to support the purchase of learning resources.** I would like to inform parents of the purpose and importance of our various charges. **Parental support in the prompt payment of these charges in the past has ensured the very best of education at Bossley Park High School.**

- There is the general contribution, set at \$50.00 per student. This still, remains less than half the figure suggested by the Department of Education. We call this the **Administration** charge. It is used chiefly to supplement government funding and to make possible such purchases as library resources, school environment improvements, learning material and certificates. A school diary is provided by the school as part of Administration Charges.
- There is a **Community Support Group** (CSG) levy of \$2.00 per student. The CSG is the school's parent body (commonly referred to as the P&C) which acts in a governance role and does not undertake any fundraising. Parents and interested community members are welcome to attend CSG meetings. These funds are used to fund Parent based initiatives within the school.
- An **E-Learning** charge of \$33.00 is charged. The school is highly regarded by Departmental and Industry sources. The E-Learning charge assists the provision of class sets of Chromebooks, laptops and MacBook's as well as smartboards in classrooms and the provision of a technical support officer. This supports the school's emphasis to have state of the art technology and to increase opportunities for student access and skill development. Each student receives a "smart card" with a personalised photograph embossed on it. This card enables students to be identified as needed and includes a \$5.00 allowance for photocopying (on the library printer). The school will provide each student with a subscription to [Edrolo](#). This is an online program that the students will use at home for revision and for coursework.

The school will also provide each student with subscriptions to: -

- Wheelers platform for eBooks for Y7-Y10
- LearnPath Library tool for Y7-Y10
- There is the **Textbook Hire Deposit**, set at \$50.00 for year 11 students. This once-only deposit is **fully refundable** when textbooks are returned in a reasonable condition at the time the student leaves our school. (These deposits will be retained in a special account, the interest from which will be administered by a student committee). The typical senior student is issued with more than \$350.00 worth of textbooks in each of the senior years - it is expected that this deposit will encourage all students to care for this huge investment in their senior schooling. **(New students enrolling in Year 12 are also required to pay this deposit).**
- The **Sport** charge which is \$10 for senior students is used to purchase good quality sporting equipment and to subsidise, where necessary, the cost of sports buses.
- There are **Course** charges set for years 11 & 12 to cover **the cost of materials used by students in those courses**. If these charges are not paid, then the student will be expected to supply the necessary materials themselves to participate in those particular learning activities and to meet course requirements.
